

SOLUTIONS FOR SUCCESSFUL EVENTS

GRADUATION

Set-up Ideas

Graduation is an opportunity...to honor your graduates and to make your school shine. Spend some time thinking about how to best showcase your students and your school. In the following pages we show you some options to consider.

Stages and Ramps to Accommodate Everyone

Hartford Public High School

Brunswick School

If your class size is large, the stage is set up to seat just the dignitaries and presenters.

Note that these stages also have handicap ramps to accommodate the individuals who need them. And don't forget about stanchions – they're great for crowd control and security.

Give Everyone a Good View

East Granby High School

Rocky Hill High School

Graduation is an important day for a lot of people. You want to ensure everyone has a good view. With seating risers you can give both your audience and your students an unobstructed view.

Thinking About an Indoor Graduation?

Remember that any room can be transformed, and that an excellent alternative to outdoors or an off-site venue is to host an event at your own facility. Gymnasiums and auditoriums can easily become completely different environments. Although these photos are not graduations, they're good examples of how school gymnasiums were cost-effectively transformed.
